A VALUABLE FAMILY PAPER AND BEAUTIFUL ACCOMPANYING PREMIUM.

Mr. John Ennis is canvassing the city for Henry Ward Beecher's new publication, the Weekly Christian Union. No publication of the kind ever began its career with more numerous or higher encomiums from the critics of the country. Its literary matter, it is scarcely necessary to say, is of the highest order. Each subscriber receives two magnificent chromos, "Wide Awake" and "Far as the Eye," which would grace any parlor in the land. We hope Mr. Ennis will get a liberal list of subscribers in Pioche. The Christian Union disclaims being a denominational paper.

WE GOT THE BEST OF IT.

We headed the weather off in our last mining review—beat it completely, by saying we would indulge in no more predictions in regard to it. To fool us it had presented, when the review was written, its most serene aspect—not a cloud overhead, not a breath stirring the air, and the temperature more like summer than winter. But as soon as it found out we were too sharp to be hoodwinked, it began indulging in all sorts of deviltry, and has been doing so ever since—snow, rain, wind, fog and hail intermingling or following each other in rapid succession, has been the programme.

ARRIVAL OF PRITCHARD'S FAST FREIGHT.

Pritchard's fast freight train arrived yesterday afternoon, at three o'clock, loaded with valuable merchandise and special freight. It brought a large supply of paper for the Record office, which relieves us of the necessity of telegraphing and having a few hundred pounds dispatched to us by express—which we had concluded we would have to do. The fast freight leaves this morning at eight o'clock, and will hereafter arrive and depart regularly "on time."

ACCIDENT TO A HORSEMAN.

One of the pall-bearers at the funeral of the Italian, Manuel Demaria, yesterday, met with an accident, on returning from the burial. His horse stepped into a hole, which threw him, the rider being thrown some feet and landed in a deep mudhole. Had the ground been hard and dry the man would have most likely been seriously injured; as it was, the only damage he suffered was getting plastered from head to foot with mud.

EXTENT OF THE STORMS.

Mr. Henderson, the operator of the Western Union Telegraph, informs us that violent storms are raging over the entire coast—from the west continuous snow or rain falls far as San Francisco, and north to Helena, in Montana. The wires are not down in the west, but the condition of the weather makes telegraphing difficult—hence we have no dispatches for our readers this morning.

DEATH AND BURIAL OF MANUEL DEMARIA.

Manuel Demaria, an Italian, died Sunday forenoon, on Cedar street, of pneumonia. He was buried yesterday afternoon, the pall-bearers, owing to the inclemency of the weather, having to attend the hearse on horseback. The deceased, though he had been a resident of the city but a short time, was respected as an honest and industrious man.

A FELLOW, WHO GAVE HIS NAME AS WATER-WORKS JACK.

Water-works Jack, was before Justice Stoutenburgh, yesterday, for trying to carry a gallon of tarantula juice inside of him and navigate the streets of Pioche in muddy weather—a feat an elephant would be incapable of performing. He will appear to-day and pay for attempting a piece of folly so preposterous.

WILL COMMENCE RUNNING THURSDAY.

We are informed that the Raymond & Ely 30-stamp mill at Bullionville, which has been changed from a dry to a wet crusher, will commence working under the new process next Thursday.

DIED OF CONSUMPTION.

R. Snider, of Bullionville, died at that place, last Sunday, of consumption.

AGRICULTURAL ENTERPRISE.

Judge Perley, of Rives & Perley, attorneys of this city, has purchased 610 acres of desirable land in Steptoe Valley, about 140 miles a little west of north from Pioche, the thorough improvement of which will be immediately entered upon. He proposes, besides carrying on, in the most systematic manner, varied farming—fruit culture, grain raising, etc.—to thoroughly stock the place with blooded animals. He has already expended several thousand dollars in blooded stock, among his purchases being two short-horned Durham bulls and two heifers of the same high-strain of blood, and a stallion and three mares of famous pedigrees. The coming seeding season 160 acres will be put in barley, and large quantities of wheat and oats, and all kinds of vegetables, will be cultivated. The latest improved agricultural machinery and implements, mowers, sowers, reapers and the like, have been purchased and forwarded to this proposed model farm. In the fruit line, five hundred trees of rare varieties, have been carefully selected and will be set out in the spring, embracing apples, peaches, pears, quinces, plums, cherries, and apricots. Particular attention will be given to forest culture. Maple, walnut, locust and elm will be cultivated extensively, and a vast quantity of orange seed will be planted. But the most worthy of notice in Mr. Perley's great agricultural enterprise, from its novelty as well as an evidence of the earnestness with which he is embarking in it, is the fact that he is constructing a large and well arranged fish-pond, which will be stocked with all kinds of Eastern fishes, that can be acclimated and propagated in the mountains of Nevada. One order has been sent to Seth Green, New York, the great pisciculturist, for 150,000 trout spawn.

We shall watch with great interest this important home enterprise of Mr. Perley, hoping its success will encourage others of our full-handed and enterprising citizens to invest in the same direction. Our permanent prosperity, we insist, is dependent, in a great measure, on agricultural development; and we hope and believe speedy and rich returns will reward all who, like Mr. Perley, manifest their confidence in Nevada's future by putting their capital into the soil.

"He who blesses most is blest, And God and man shall have his worth, Who tells to leave as a bequest, A damaged beauty to the earth."

A DAMAGING OBSERVATION.

A stranger in the city whose business has carried him in late months to the principal mining camps of the State, says he has seen more drunken men in Pioche in the last ten days than in all other parts of Nevada for the last six months. The prevalence of intoxication here is more especially frightful, as it frequently leads, through exposure, directly to the grave.

ASH WEDNESDAY.

ASH WEDNESDAY.—To-morrow being Ash Wednesday, there will be service in the Episcopal Church at 11 o'clock a. m. The week-day services for the remainder of Lent will be Bible class and devotional meeting each Wednesday evening, and evening prayer each Friday, beginning at 7 o'clock p. m.

HENRY L. BADGER, Rector.

MORE SATISFACTORY.

The 10-stamp mill of Wm. H. Raymond, at Bullionville, has given better satisfaction since it was changed from a dry to a wet crusher; but it has been a success from the beginning. It is crushing a third more ore than formerly, and, it is claimed, does closer work.

WEATHER AT BULLIONVILLE.

Parties just up from Bullionville say the denizens of that lively town are now in the enjoyment of delightful summer-like weather. The new grass is coming up and wild flowers are blooming on the southern hill-sides. What a difference in a distance of ten miles!

AUCTION SALE.

Sheriff Travis sold, yesterday afternoon, at the door of the Court-house, under execution, a large amount of restaurant goods and fixtures. On account of the inclemency of the weather, the bidders were not as numerous as was expected, but the bidding was brisk and everything was sold.

SEEK THE NEW ADVERTISEMENT.

This issue of Bradshaw & Banner, proprietors of the elegant new saloon under the Justice's office, Main street. Mr. Pearson, as we erroneously stated in our last, has nothing to do with the new establishment. The best will always be found at the bar of Bradshaw & Banner.

REFUSE TO TAKE POCHE FREIGHT.

A letter received by last mail by H. Ward from Durant & Cutting, forwarders at Lehi, states that freighters at the end of the railroad were refusing to receive goods for Pioche. The letter was dated on the 19th, the snow then being a foot deep at that point.

RUNAWAY OF A WOOD TEAM.

Yesterday forenoon, a two-horse wood team, on Lacour street, took fright, and ran 300 or 400 yards in the most reckless manner. Pioche mud was too deep and stiff to permit of further progress. No damage done.

FROM 25 TO 40 NEW ENGINES HAVE BEEN RECEIVED BY THE TRUCKEE AND VIRGINIA RAILROAD COMPANY.

Any way, our Virginia cotemporaries have recorded the arrival of three, with slight variations, every day for the last two weeks.

ATTENTION IS CALLED TO THE ADVERTISEMENT OF MR. SCHOPPMANN, COUNTY SURVEYOR.

Mr. Schoppman has associated with him as Deputy Mr. E. L. Mason, of whose competency it is unnecessary to speak.

REMOVAL.

The carpenter shop of C. E. Scammon has been removed from Meadow Valley to Cedar street, opposite the Episcopal Church, where he will be found by all having business in his line.

REMEMBER THAT REV. J. R. EGBERT WILL TO-NIGHT DELIVER AN ADDRESS AT THE SCHOOL-HOUSE, ON CEDAR STREET, ON EDUCATION AND EDUCATIONAL INTERESTS.

Every parent in Pioche who can do so should attend.

JUDGE C. P. HALL, AN ENTERPRISING MINER OF BRISTOL DISTRICT, IS IN TOWN.

He gives an encouraging report of affairs at Bristol—as every one else does.

OUR SCHOOLS.

EDITOR RECORD: I noticed in Saturday's paper that Rev. Mr. Egbert would deliver an address in the schoolhouse this evening on the subject of Education. I want to suggest and urge that all interested in school matters make it a point to be present.

There are many of those who send children to school who have never been inside of the schoolhouse, and there is a widespread and most lamentable indifference as to the whole cause of education in our community. Some complain that their children make little progress, but if they will visit the schools, they will be convinced that our teachers do the best they can under the present circumstances. I do not wish now to speak of the needed changes, but am sure that those who come to the meeting, hear what Mr. Egbert has to say, and consider the facts Mr. Wilmarth can give them, will need no further argument as to the necessity of doing something. B. Pioche, February 24.

THEATER.

Last night the "Stranger" was played, and to what must be called a good house under the circumstances—the storm rendering it anything but pleasant to be out of doors. That Mr. and Mrs. Bates are great favorites in Pioche was sufficiently attested by the number who were willing to face the fierce storm to visit the theater. To-night Mrs. Bates' benefit will take place, and the celebrated play of "Frou Frou" will be played. It is of French construction, and caused a great sensation when first produced last August, in Daly's Theater, New York. In this character Mrs. Bates has gained an enviable reputation, her dressing alone of "Frou Frou" (which translated means "rustling of silk") is a theme of admiration. No matter what the state of the weather, we feel sure that our citizens will bestow a tangible appreciation of this talented lady's acting by crowding every available spot in the building. It is worthy of note that the roadway from Main street to the doors of the theater is newly graveled and now in good condition for pedestrians. Box open for reserve seats from 11 a. m. to 4 p. m.

HAS CLAGETT BEEN NOMINATED FOR GOVERNOR OF UTAH?

This is, at this writing, a question we are unable to answer. The Ogden Junction, of the 18th, states, in a dispatch of positive phraseology, that President Grant would the next day send his name to the Senate for confirmation; and the Salt Lake Tribune, of the 20th, contains a dispatch stating that the nomination had been made. But how could so important a fact escape the notice of our wide-awake telegraph operators at Salt Lake City and San Francisco? Don't they inform us, "at the regular rates," every time a little narrow-gauge locomotive gets stuck in a snow drift up in Utah, or somebody breaks a leg in California? There is so much important news to send over the wires, that we fear we will not be able to receive minor matters with expedition before we have railroad communication.

IN A BAD FIX.

About half-past seven o'clock last night, we noticed a drunken man, on lower Main street, in front of a saloon, lying on the sidewalk with his arms extended in the mud and face downwards. We tried to induce him to get up, but a hog-like grunt was the only response we got. An acquaintance promising to inform an officer, we went on. A heavy snow-storm was at the time raging and the wind blowing a gale.

STAGES DELAYED.

The furious snow and rain storms yesterday afternoon and yesterday night will delay the Pioche and Hamilton Stages on both ends of the route. The stage that left here yesterday is snow-bound at Washburne's, forty-five miles this side of Hamilton; and, if we have been correctly informed, no coach will start out from here this morning.

THE MEETING LAST NIGHT.

The meeting of tax-payers last night took a very decided stand against the incorporation of the city. Resolutions with that object in view were adopted with great unanimity.

THE NEW JUSTICE'S OFFICE.

Squire Stoutenburgh has become located in his new temple of justice, on Main street, just below the express office, up stairs. His apartments are capacious and neatly furnished.

J. J. HALPIN, OF THE FIRM OF J. J. HALPIN & CO., WENT OUT ON SUNDAY MORNING.

His coach for San Francisco. We hear it intimated that he may return with a bride.

THE LAST SALT LAKE STAGE.

Lost a tire about four miles out, and had to return for repairs. It was delayed about three hours.

PLENTY OF JACK-RABBITS AND WILD DUCKS IN MARKET NOW.

With a fair sprinkling of quail, etc., from the Eastern game fields.
